CAD-CUT® PREMIUM PLUS

90 MICRONS

POLYURETHANE, THIN, STRETCHABLE, ELASTIC FLEX MATERIAL WITH A SLIGHTLY ADHESIVE CARRIER.

Premium Plus has a satin finish, and is recommended for easy cutting and weeding. It is suitable for several print proofs.

This film is innovative, designed for superior stretch on performance fabrics, and most heat sensitive textiles.
Due to its durability it performs very well when it is applied to a huge range of fabrics at low temperatures, with a very short application time.
It has a frosted pressure sensitive carrier which enables easy cutting and weeding. It is ideal for detailed work and designs featuring multiple colours.

The material has a soft matte finish and is available in university and fashionable colours. Premium Plus is the obvious choice for sports/performance wear and fashion items.

AVAILABLE IN
50 cm x 25 m rolls

RECOMMENDED FABRICS
- 100% cotton
- 100% polyester*
- Polyester-cotton-blends
- Lycra® / spandex blends
- Satin
- Polyester mesh

* Test before application!

CUTTING NOTES
You should always test cut prior to any production run. Remember cutter settings will need to be adjusted as the blade ages. For optimal cutting and weeding, maintain a line thickness of at least 2,0 mm for lettering and logos.

APPLICATION INSTRUCTIONS
- Temperature: 130°C / 150°C
- Time: 10 sec. / 5 sec.
- Pressure: Medium
- (#4-6 on Hotronix®)
- Peel: Hot

MULTI-COLOUR DESIGNS
Apply background for 3-5 seconds, peel carrier cold. Repeat for additional colours. Finish with final application of 18-20 seconds. Peel cold.

ACCESSORIES RECOMMENDED
- Grip Cover Sheet
- Cover Sheet - Non-Sticky
- EZ Weeder®

CARE INSTRUCTIONS
Machine wash up to 60° C using mild detergent. Do not use bleach. Dry at normal dryer settings on household machines. Do not dry-clean. Can be directly ironed.
STORAGE
Store in cool, dry area. Avoid direct heat, sunlight and humidity.

DETAILS

KEY

Easy weed		Thin
Ironable		Sticky carrier
Ironable only inside out		Multi-colour application
Washable		Peel hot
